ABOUT ME

Backend Developer with over 5 years of experience in designing, developing, and maintaining scalable server-side applications and APIs. I'm proficient in Laravel, PHP, and MySQL, with strong expertise in database design, system architecture, and backend performance optimization. I specialize in building secure, high-performance backend systems that integrate seamlessly with web and mobile applications. I'm experienced in collaborating with cross-functional teams to deliver clean, maintainable, and production-ready code.

SKILLS

- Laravel
- MySql
- React
- Tailwind / Bootstrap
- PHP
- Git
- JavaScript
- Docker
- Rest Api
- Linux

EXPERIENCE

2022 - Current
WebSolutionUS
Backend Developer

- Working as a Lead Backend Developer, my responsibilities include designing and maintaining scalable server-side applications, developing APIs, integrating backend systems with web and mobile apps, managing the backend team, mentoring junior developers, and ensuring code quality.
- **Custom LMS Platform:** Developed a fully-featured online learning system with secure payment gateways and RESTful API integrations.
- **E-commerce System:** Built a multi-vendor platform with dynamic product catalogs and seamless backend integrations.
- **SaaS Job Portal:** Designed and implemented a scalable recruitment platform supporting job postings, applications, and employer dashboards.
- **Hotel Management System:** Built a comprehensive hotel management solution handling bookings, room management, and backend reporting.

2021 - 2022
LSKIT
Full Stack Developer

- Worked as a Full Stack Developer, contributing to the development and maintenance of web applications, backend systems, and APIs.
- **E-commerce Platform:** Developed backend functionality for product management, payment integration, and multi-vendor support.
- **Inventory Management System:** Built APIs for real-time inventory tracking, reporting, and automation.
- **Custom Web Applications:** Implemented scalable full-stack solutions tailored to client-specific business requirements.
